Karin,

I just wanted to express my gratitude and appreciation for your product. The Mastercare traction table is a fantastic adjunct to the DBC Active Spine Care treatment program.

Nearly 100% of our patients find dramatic relief with the device and, as you know, some have even purchased them for their personal use at home. In the clinic, other therapists find it is much faster and easier to use than a standard mechanical table to see if the patient will benefit from the effects of traction.

I have found it is the safest and most dependable self-traction device on the market and highly recommend it. Thank you again and keep up the great work!

Sincerely,

A handwritten signature in cursive script that reads "Ralph Bidwell MSPT".

Ralph Bidwell, M.S. P.T.
DBC Program Director
