

LOUISIANA STATE UNIVERSITY
AND AGRICULTURAL AND MECHANICAL COLLEGE
Athletic Training

Nov. 16, 2000

To Whom It May Concern:

For the past year we have been using the MasterCare Back-A-Traction Machine in the Broussard Center for Athletic Training at Louisiana State University. It has been an integral part of our treatment/rehabilitation protocol for a majority our back injuries sustained by our student-athletes. The sliding back rest enhances the ability to perform the proper gravity assisted traction.

We wanted to take this opportunity to express our thanks to Karin Jansson at Swedish BackCare Systems, Inc. for all of her assistance in introducing this useful apparatus. We would recommend this machine to anyone who is looking for a quality gravity assisted traction unit.

Sincerely,

A handwritten signature in black ink, appearing to read "Andy Barker".

Andy Barker M.S. A.T.,C.
Senior Associate Athletic Trainer
